Front cover – Nick De Lisio, UniSA aviation student
Welcome

The University of South Australia is a young institution with an agile, innovative approach to educating tomorrow’s professionals and solving today’s challenges. As a university of enterprise, our efforts are focused on providing economic and social benefits to the nation and the world.

Formed in 1991 but built on more than 150 years of creating and applying knowledge, the University has quickly established a global reputation for the quality and creativity of its graduates and the innovative, outcomes-focused relevance of its research.

Our reputation for excellence continues to grow. The University of South Australia is Australia’s youngest university to be ranked in Times Higher Education’s top 50 of world universities under 50 years old. We’re also ranked in the top 3 per cent of the world’s highest performing institutions in the QS university rankings, one of only three Australian universities under the age of 25 to feature in that world’s best list. The University’s research was also rated at world-standard, or above in the second Excellence in Research Australia (ERA) assessment.

With almost 34,000 students in 2013, we are South Australia’s biggest university. We offer more than 400 degree programs in business, education, arts, social sciences, health sciences, information technology, engineering and the environment. Programs are designed with strong professional emphasis and in partnership with industry, and our graduate employment rates are above the national average.

At the University of South Australia, you will discover a vibrant on-campus culture and join an active and diverse student population. This blend enriches the intellectual and social life of our academic community, providing both an enhanced student experience as well as the ideal teaching and learning environment for cultivating tomorrow’s leaders and innovators.

I hope that you will consider joining us and I look forward to seeing you on campus soon.

Professor David G. Lloyd
Vice Chancellor and President

Welcome to Australia’s university of enterprise

Enterprise education incorporates the latest research, work placements, experiential learning and industry links. Our graduates are tomorrow’s leaders and innovators.

New learning centre
The Jeffrey Smart Building is our brand new learning and information hub on Hindley Street. Delivering state-of-the-art teaching and learning facilities and support, this building will transform the west end of the city and enhance the community with a vibrant student population.

The IDEAS university
Our spirit of enterprise begins with nurturing ideas. From concept, to development and into reality we are behind bringing ideas to life through new industry partnerships and engaged research.

Examples include:

> **Global IT partnership** — teaming with Global IT giant Hewlett Packard, in a first for any Australian university, to open a new HP Innovation and Collaboration Centre.

> **Hills Limited innovation partnership** — a new partnership with the State Government and Flinders University set to put South Australia at the forefront of innovative product design and technology expertise for a wide range of industries.

> **SciCEd** — plans to launch Australia’s newest interactive public science space and inspiring young people to study Science, Technology, Engineering and Mathematics (STEM).

> **Honorary Doctorates** — awarding an Honorary Doctorate to **Major General Charles Bolden Jr**, administrator of the National Aeronautics and Space Administration (NASA) and inspirational champion for education equity and access. We have also acknowledged winemaker and business leader **Wolf Blass AM** and leading feminist, editor and publisher **Anne Summers**.
The CONNECTED university

Our connections stretch across the world, through our city and into our student community.

- Our world — a worldwide network of 177,000 alumni supported by formal networks in Hong Kong, Singapore, Malaysia, Taiwan and the United Kingdom.
- Our community — helping to build stronger local communities through the support of local community and industry groups. We also sponsor many of Adelaide’s cultural highlights including: the Tour Down Under, WOMAD, the Festival of Arts, the Australian HPV Super Series and Head of the River.
- Our students — we remain connected to the needs of our students through the University of South Australia Students’ Association (USASA) and support their journey from start to finish with a warm welcome at orientation, modern facilities, and opportunities to create lasting memories and build lifelong friendships.

The SOLUTIONS university

Harnessing our spirit of creativity as well as the excellence of our research we seek out innovative solutions to the challenges of the future.

Our capacity to deliver innovative and effective solutions is enhanced by:

- Excellent research performance - quality research that is ranked world-class or above in the 2012 Excellence in Research Australia results. We are also amongst the world’s top three per cent in the QS World University Rankings.
- Flagship research institutes and centres — seven research institutes and 17 supported research centres, all supplying fundamental advances in knowledge to address the changing needs of our world.
- Cutting-edge research facilities — purpose-built laboratories including industry-standard cleanrooms for cell therapy research and more.

We are also boosting our capability to provide solutions to existing and emerging health issues through a presence in the southern hemisphere’s largest health and biomedical research precinct with the:

- School of Population Health — co-location of an entire school in the South Australian Health and Medical Research Institute (SAHMRI) to undertake research into the health and wellbeing challenges within growing populations.
- Centre for Cancer Biology — a new alliance with the Centre for Cancer Biology which will lead vital new research into leukaemia.

Keep up-to-date with our latest news at unisa.edu.au/news
Aviation

Take off into a career in aviation. Learn the fundamentals of aerodynamics, aircraft systems, meteorology, navigation, flight planning, aircraft performance and computer-controlled aircraft management systems.

Study aviation at the University of South Australia - a hub of technology and innovation and a vibrant nexus for economic, social and environmental development.

From our world-class teaching facilities at the City East and Mawson Lakes campuses we engage in leading-edge teaching, research training and fundamental applied research.

Spanning future-focused disciplines including IT, environmental science, engineering, urban planning and more, we produce skilled professionals who can use the latest technologies intelligently to create sustainable solutions for our fast changing world.

Out of this world

NASA Administrator and UniSA honorary doctorate recipient, Major General Charles Bolden’s remarkable career has taken him into the outer reaches of space. There, like those who work in the aviation industry, Maj Gen Bolden learnt the importance of training and trusting in his team.

‘I had trained for what seemed was forever, and our crew all knew each other and had confidence in each other.’
Reach new heights with a Bachelor of Aviation

The Bachelor of Aviation exceeds the requirements of the Australian Civil Aviation Safety Authority for the issue of commercial or air transport pilot licenses with flight training available at the Aviation Academy.* However, a career in aviation isn’t just for pilots. Recognised for producing skilled and confident graduates, this program provides you with knowledge and understanding for a range of careers in aviation including airport and airline operations and management.

*Note – flight training is not included in the Bachelor of Aviation but is available through the Graduate Diploma in Aviation at the Aviation Academy

Hands on experience with the Graduate Diploma in Aviation

You can choose to undertake the Graduate Diploma in addition to your Bachelor degree to obtain a commercial pilot’s licence and multi-engine command instrument rating, both of which are professional qualifications recognised by the Civil Aviation Authority (CASA). As a student of this program you will fly on shark patrols in summer and gain extensive and valuable experience into the reality of commercial operations.

Eligible domestic students enrolled in the Graduate Diploma in Aviation may choose to defer their tuition fees by taking out a FEE-HELP loan.

Find out more online...

For more information on aviation at the University of South Australia including entry pathways, student case studies and more visit:

unisa.edu.au/aviation
10 modern aircraft including 3 recently acquired Cessna 172SPs
South Australia’s **ONLY UNIVERSITY** to offer aviation at the tertiary level

1 OF 2 universities nationwide with a **FLYING ACADEMY**
Keeping our beaches safe

Take to the skies and serve the community with the South Australian Shark Patrol.

If you choose to undertake flight training through the Graduate Diploma in Aviation you could gain valuable experience as a pilot on one of UniSA’s shark patrols. We use fixed-wing aircraft for our patrols. When a shark is sighted, the aircraft will circle the shark, and at the same time sound a loud siren.

Head of Aviation at UniSA Neil Hyland says the shark patrol provides an invaluable opportunity for graduate pilots and crew to gain real operational experience, while providing a great service for the community. ‘The shark patrol is an example of the diverse career opportunities available for graduate pilots, who are in demand in areas like fish spotting, ‘fly-in-fly-out’ for mining, instructing, charter, and of course regional, national and international airlines. Flying the shark patrol provides students with an insight into the wide range of career prospects and the professional responsibilities of air crew.’

Please visit unisa.edu.au/sharkpatrol to view our videos and learn more.
‘Shark patrol provides an invaluable opportunity for graduate pilots and crew to gain real operational experience while providing a great service for the community.’

Neil Hyland, Head of Aviation
Bachelor of Aviation

Overview
UniSA continues to be the only university in South Australia to offer aviation as a tertiary qualification. It is one of only two Australian universities to operate its own flying school.

The Bachelor of Aviation program provides you with the knowledge for a career in aviation which can be supplemented with flying experience through the Graduate Diploma in Aviation (LGCV). You can choose to do the Graduate Diploma in addition to your bachelor degree to complete the flying requirements for licencing with Australian Civil Aviation Safety Authority (CASA). As a flying student you can train using our modern fleet of 10 aircraft, including three recently acquired C172SPs and get hands-on experience in real-life situations such as shark patrols.

As a graduate of the bachelor program, you will acquire the skills and knowledge for a professional career in key areas including aerodynamics, aircraft power plants and systems, meteorology, navigation, flight planning, computer controlled flight management systems, flight operation technology, fatigue and crew resource management, air operations dispatch, traffic control and airport management. This program offers great flexibility in the final year with opportunities to specialise in areas of interest through aviation projects and research programs.

What will I study?
The program provides you with a sound theoretical and practical knowledge of the fundamentals of aerodynamics, aircraft systems, meteorology, navigation, flight planning, aircraft performance and computer-controlled aircraft management systems.

As part of your studies you will undertake visits to the Bureau of Meteorology, Air Traffic Control and other aviation facilities. These visits provide you with an opportunity to gain a better understanding and knowledge of the industry in which you will work.

Who will employ me?
This program aims to provide you with the skills, knowledge and experience suitable for a professional and flexible career in the aviation industry. Those who complete the flying training in the Graduate Diploma in Aviation (LGCV) program can go on to flight instructor training or become a charter pilot while accumulating the experience necessary for airline entry.

As a graduate, you can pursue an aviation career in flight operations, airline administration, aviation management or air traffic control.

Graduates of the Bachelor of Aviation have been successfully employed by organisations such as QANTAS, Cathay Pacific, Malaysian Airlines, British Airways, Singapore Airlines, National Jet, Alliance, and Virgin Blue Airlines.

The aviation industry’s demand for graduates will continue to increase. Boeing’s market outlook for 2013 – 2032, a respected industry forecast recently advertised salaries as much as $212,400.

The aviation industry’s demand for graduates will continue to increase. Boeing’s market outlook for 2013 – 2032, a respected industry forecast recently advertised salaries as much as $212,400.

Important information
If you wish to obtain a commercial pilot’s licence please visit casagov.au to learn more about the medical requirements and conditions that may apply.

P Alternative entry pathways available

Program schedule

FIRST YEAR

First Semester (SP 1, 2 or 3)
- Aerodynamics 1
- Aircraft Engines: Systems 1
- Aviation Mathematics
- Aviation Physics 1N

SECOND YEAR

First Semester (SP 1, 2 or 3)
- Human Factors
- Aircraft Operations 1
- Meteorology 2
- Navigation 1
- Human Performance and Limitations

Second Semester (SP 4, 5 or 6)
- Aircraft Operations 2
- Aircraft Engines: Systems 2
- Threat and Error Management

THIRD YEAR

First Semester (SP 1, 2 or 3)
- Communications and Research Methods
- Crew Resource Management
- Aviation Operations and Management
- Heavy Aircraft Systems
- Elective

Second Semester (SP 4, 5 or 6)
- Aviation Project
- Large Aircraft Performance and Planning
Equipped to perform

Grant Price

Captain – Boeing 777 Emirates Airlines

Bachelor of Aviation graduate Grant Price knows what it takes to succeed in the demanding aviation industry. Flying jet-engine aircraft worldwide, including the first Emirates Airline flight into Adelaide Airport, Grant has developed the ability to adapt in his ever-changing role as a Boeing 777 Captain. ‘The role of an airline pilot has evolved over the years to become one of managing many areas to achieve a safe and efficient outcome.’

Undertaking his flight training at UniSA’s Aviation Academy at Parafield Airport gave Grant basic experience flying in all conditions, as well as an understanding of the skills required beyond raw flying abilities to perform at a professional level on a daily basis.

The Bachelor of Aviation equips students with skills to ‘enable you to lead and motivate a team, manage threats and errors in your everyday operation and learn about your own performance and limitations.’

‘You will gain a rock solid foundation from many experienced people to build an exciting career.’
Entry requirements

For undergraduate bachelor
degrees and associate degrees
Applicants are required to have completed
the South Australian Certificate of Education
(SACE) with:
- 200 subject credits (in total);
- a grade C* or higher in the Personal Learning
Plan, 20 credits of literacy, 10 credits of
numeracy and the Research Project at Stage 2;
- a grade C- or higher in an additional 60
credits at Stage 2;
- a competitive ATAR; and
- the fulfilment of the program’s prerequisite
requirements (where applicable).

For Stage 2 subjects a grade of C- or higher is required.
Applicants may also be eligible for entry if they
have completed the program’s prerequisite
requirements and have one of the following:
- Completed an interstate or overseas
qualification considered by the University as
equivalent to SACE.
- Completed the international Baccalaureate
diploma with a minimum score of 24 points.

Pathways
Entering your chosen program straight from
high school is not the only pathway into UniSA.
Applicants may also be eligible for entry through one of the following pathways:

Tertiary Transfer – completion or partial
completion of a higher education program from
a recognised higher education institution.

Special Entry – completion of the Special
Tertiary Admissions Test (STAT). A personal
competencies statement or employment
experience may also be considered.

TAFE/Registered Training Organisations
(RTO) – Applicants may be eligible for entry
with the completion of an award from TAFE or
another Registered Training Organisation at
AQF Certificate IV or above. Guarantees entrance
into a program is also available to applicants
who have a completed qualification that meets the
TAFE Preferred requirement listed in each program’s snapshot.

Open Universities Australia – completion of
at least four Open Universities Australia (OUA)
courses at the appropriate level.

Foundation Studies – completion of a
recognised foundation studies program including
the University’s Foundation Studies program.

Before applying
All applicants should check and ensure
that they meet all entry and prerequisite
requirements before applying. For some
programs, applicants may also be required to
attend an interview or present a portfolio.

For more information on entry requirements,
visit unisa.edu.au/future

Participation and access
UniSA offers various programs and services
to assist rural and/or socio-economically
disadvantaged students, Indigenous
Australians and people with a disability.
For more information, contact
(08) 8302 2376 or email study@unisa.edu.au

UniSA Bonus Points
For students commencing university
study in 2015
UniSA Advantage is a bonus points scheme
that encourages participation in education
as well as rewards achievement in selected
Year 12 subjects that better prepare students
for university study. The scheme includes two
strands – Achievement and Aspire.

Achievement bonus points will automatically
be awarded if students score a C- or better
in Year 12 Tertiary Admission Subjects (TAS)
relevant to their intended UniSA program.

Aspire bonus points are awarded automatically
to students who attend a school recognised by
UniSA as under-represented at university.
Students from rural and remote areas are also
eligible for automatic bonus points while those
students on School Card (or state equivalent),
Youth Allowance and/or Health Care Card or Low
Income Health Care Card who do not attend a
recognised school, can apply for bonus points by
downloading an application form.

For more information or to download the
Aspire Application Form, visit unisa.edu.au/bonuspoints

For students commencing university study
in 2016 and onwards
The three South Australian universities are
replacing all existing equity and subject bonus
schemes with two new bonus schemes. The
new schemes will come into operation for
students studying Year 12 in 2015 who apply for
entry for in 2016.

The two new schemes are the SA Universities
Equity Scheme and the SA Language, Literacy
and Mathematics Bonus Point Scheme.

The SA Universities Equity Scheme will
provide bonuses in two ways: bonuses for all
students in specified schools and bonuses for
individuals experiencing disadvantage.

The SA Language, Literacy and Mathematics
Bonus Point Scheme encourages students to
strengthen their preparation for university studies by
undertaking a language other than English, or
specified English and Mathematics subjects.

Need some help? For further information, visit
unisa.edu.au/bonuspoints or you can also
contact Future Student Enquiries by phone (08)
8302 2376 or email study@unisa.edu.au

Student contributions
To find out more about how you can defer your
HECS-HELP student contribution or to see if you
are entitled to a Commonwealth Government
supported place at the University of South
Australia, please visit unisa.edu.au/fees.
The contribution that applies depends on
which courses you choose to study and the
contribution band in which those courses are
classified (see table below). The amount of your
student contribution also depends on the unit
value of your courses of study.

How to apply to the University
of South Australia
Go to sarac.edu.au

As per the Australian Government guidelines, the student contribution amounts for 2014 are:

<table>
<thead>
<tr>
<th>Band</th>
<th>Fields of study</th>
<th>Student contribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Band 1</td>
<td>Humanities, behavioural science, social studies, education, clinical psychology, foreign languages, visual and performing arts, nursing.</td>
<td>$0 – 56,044</td>
</tr>
<tr>
<td>Band 2</td>
<td>Mathematics, statistics, computing, built environment, other health, allied health, science, engineering, surveying, agriculture.</td>
<td>$0 – 58,613</td>
</tr>
<tr>
<td>Band 3</td>
<td>Law, accounting, administration, economics, commerce, dentistry, medicine, veterinary science.</td>
<td>$0 – 510,085</td>
</tr>
</tbody>
</table>

Note: These amounts are for 1 EFTSL (36 units) in 2014. The student contribution amounts for 2015 will be advised by the Federal Government in October 2014, and these will be available to view via unisa.edu.au/future/fees at that time.
**WHAT WILL YOU STUDY?**

**Associate degree**
An award for completing a two-year (or part-time equivalent) tertiary program.

**Bachelor degree**
A program of three or more years duration (or part-time equivalent). Bachelor degree programs provide the relevant qualifications for many professions.

**Diploma**
UniSA offers a range of two-year diploma programs. Diplomas offered through UniSA College provide entry into the second year of a corresponding bachelor program in allied health, arts, business or science and technology. More information on the diplomas offered by UniSA College is available at unisa.edu.au/college. The Division of Education, Arts and Social Sciences offers a one-year Diploma in Languages which allows students to study a language concurrently with their bachelor degree program.

**Foundation Studies**
A free, one year program with no qualifications required for entry. This program assists students to develop the skills required for successful university-level study. Upon successful completion, students can apply for entry into a degree at the University of South Australia or to enter the second year of a UniSA College diploma program.

**Graduate Certificate**
An award for completing a postgraduate program of at least six months in duration (or part-time equivalent).

**Graduate Diploma**
An award for completing a postgraduate program of at least one year in duration (or part-time equivalent).

**Honours**
An additional year of study in a bachelor degree during which students specialise in a chosen area of study. In some cases, Honours study can actually be done as part of the degree.

**Master degree**
An award for completing a postgraduate program of at least two years (or part-time equivalent).

**PhD**
Doctor of Philosophy (PhD) programs normally extend over three years (or part-time equivalent) and involve significant research work.

**HOW DOES YOUR PROGRAM WORK?**

**Course**
A component of study within a program (previously known as a ‘subject’).

**Major**
A set of related courses which comprises 36 units of study within a bachelor degree.

**Minor**
A set of related courses which comprises up to 18 units of study within a bachelor degree.

**Program**
Award in which you are enrolled, eg Bachelor of Arts.

**Sub-major**
A set of related courses which comprises between 19 and 35 units of study within a bachelor degree.

**Unit**
A value assigned to a course which measures the amount of work involved in that course. Full-time students normally undertake 36 units of study per year (18 units per semester).

**Assumed knowledge**
Some programs require knowledge of certain SACE Stage 2 subjects.

**ATAR (Australian Tertiary Admission Rank)**
A ranking of all students who have completed SACE in a particular year. The minimum ATAR required for the previous year is often a guide to how well you will need to perform to gain entry into a particular program. ATARS can vary from year to year and should be used as a guide only.

**CRICOS code**
Code identifying that a University of South Australia program has been registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

**Direct entry**
Programs for which applications are not processed through SATAC but are made direct to the University of South Australia.

**Division**
The University of South Australia is split into four academic divisions — Business School; Education; Arts and Social Sciences; Health Sciences; and Information Technology. Engineering and the Environment — each offering a range of specialised programs.

**Glossary**
