Welcome

The University of South Australia is a young institution with an agile, innovative approach to educating tomorrow’s professionals and solving today’s challenges. As a university of enterprise, our efforts are focused on providing economic and social benefits to the nation and the world.

Formed in 1991 but built on more than 150 years of creating and applying knowledge, the University has quickly established a global reputation for the quality and creativity of its graduates and the innovative, outcomes-focused relevance of its research.

Our reputation for excellence continues to grow. The University of South Australia is Australia’s youngest university to be ranked in Times Higher Education’s top 50 of world universities under 50 years old. We’re also ranked in the top 3 per cent of the world’s highest performing institutions in the QS university rankings, one of only three Australian universities under the age of 25 to feature in that world’s best list. The University’s research was also rated at world-standard, or above in the second Excellence in Research Australia (ERA) assessment.

With almost 34,000 students in 2013, we are South Australia’s biggest university. We offer more than 400 degree programs in business, education, arts, social sciences, health sciences, information technology, engineering and the environment. Programs are designed with strong professional emphasis and in partnership with industry, and our graduate employment rates are above the national average.

At the University of South Australia, you will discover a vibrant on-campus culture and join an active and diverse student population. This blend enriches the intellectual and social life of our academic community, providing both an enhanced student experience as well as the ideal teaching and learning environment for cultivating tomorrow’s leaders and innovators.

I hope that you will consider joining us and I look forward to seeing you on campus soon.

Professor David G. Lloyd
Vice Chancellor and President
Welcome to Australia’s university of enterprise

Enterprise education incorporates the latest research, work placements, experiential learning and industry links. Our graduates are tomorrow’s leaders and innovators.

New learning centre
The Jeffrey Smart Building is our brand new learning and information hub on Hindley Street. Delivering state-of-the-art teaching and learning facilities and support, this building will transform the west end of the city and enhance the community with a vibrant student population.

The IDEAS university
Our spirit of enterprise begins with nurturing ideas. From concept, to development and into reality we are behind bringing ideas to life through new industry partnerships and engaged research.

Examples include:

- **Global IT partnership** — teaming with Global IT giant Hewlett Packard, in a first for any Australian university, to open a new HP Innovation and Collaboration Centre.
- **Hills Limited innovation partnership** — a new partnership with the State Government and Flinders University set to put South Australia at the forefront of innovative product design and technology expertise for a wide range of industries.
- **SciCEd** — plans to launch Australia’s newest interactive public science space and inspiring young people to study Science, Technology, Engineering and Mathematics (STEM).
- **Honorary Doctorates** — awarding an Honorary Doctorate to Major General Charles Bolden Jr, administrator of the National Aeronautics and Space Administration (NASA) and inspirational champion for education equity and access. We have also acknowledged winemaker and business leader **Wolf Blass AM** and leading feminist, editor and publisher **Anne Summers**.
The CONNECTED university

Our connections stretch across the world, through our city and into our student community.

> **Our world** – a worldwide network of 177,000 alumni supported by formal networks in Hong Kong, Singapore, Malaysia, Taiwan and the United Kingdom.
> **Our community** – helping to build stronger local communities through the support of local community and industry groups. We also sponsor many of Adelaide’s cultural highlights including: the Tour Down Under, WOMAD, the Festival of Arts, the Australian HPV Super Series and Head of the River.
> **Our students** – we remain connected to the needs of our students through the University of South Australia Students’ Association (USASA) and support their journey from start to finish with a warm welcome at orientation, modern facilities, and opportunities to create lasting memories and build lifelong friendships.

The SOLUTIONS university

Harnessing our spirit of creativity as well as the excellence of our research we seek out innovative solutions to the challenges of the future.

Our capacity to deliver innovative and effective solutions is enhanced by:

> **Excellent research performance** - quality research that is ranked world-class or above in the 2012 Excellence in Research Australia results. We are also amongst the world’s top three per cent in the QS World University Rankings.
> **Flagship research institutes and centres** – seven research institutes and 17 supported research centres, all supplying fundamental advances in knowledge to address the changing needs of our world.
> **Cutting-edge research facilities** – purpose-built laboratories including industry-standard cleanrooms for cell therapy research and more.

We are also boosting our capability to provide solutions to existing and emerging health issues through a presence in the southern hemisphere’s largest health and biomedical research precinct with the:

> **School of Population Health** – co-location of an entire school in the South Australian Health and Medical Research Institute (SAHMRI) to undertake research into the health and wellbeing challenges within growing populations.
> **Centre for Cancer Biology** – a new alliance with the Centre for Cancer Biology which will lead vital new research into leukaemia.

The Australian Research Council’s 2012 Excellence in Research for Australia (ERA)
The School of Law at the UniSA Business School focuses on preparing you to step into the legal profession with experience-based learning, industry placements and an in-house Legal Advice Clinic.

**Real-life learning**

From your first few weeks as a UniSA law student, you will undertake law courses where practical exercises are integrated into the curriculum. You will experience what it is like to argue a case and provide legal advice, and you will gain real-life learning experiences in the areas of reporting, negotiation, civil litigation, and advocacy from your first year.

As part of your law degree, you will have the opportunity to get involved in the School of Law’s student-run Legal Advice Clinic. Under the supervision of a dedicated managing solicitor, you will get to meet with real clients to give free legal advice on matters such as car accidents, consumer disputes and debt. You will also get the opportunity to experience what it is like to be ‘at the bar’ in our Moot Court. In this courtroom-like space you will attend tutorials or ‘moots’ in which you stand behind the bar, are presented with a set of facts, and must apply legal principles to argue the strength of your case before a judge. Through the courses and experiential learning that we provide, you will be ready to step into the legal profession.

Year round learning

Our innovative trimester format provides you with flexible study arrangements and is ideal for those with ongoing work and family commitments. It also provides you with the opportunity to complete a full four-year degree in just three years, or a five-year double degree in four years. The trimester format works on three study periods of ten-week durations, commencing in February (trimester one), June (trimester two) and September (trimester three).

In addition to our flexibility, we also offer small class sizes to encourage a personalised and interactive learning experience, one which we believe is crucial to legal education. Our students often comment on the strong and highly valuable relationships they are able to build with the teaching staff, many of whom are practising lawyers or working in the legal profession.

Double your degree

Maximise your employment opportunities by opting to complete one of our double degrees. As law affects almost all aspects of society, we offer a range of double degree combinations including business, commerce, management, international relations, and journalism and professional writing.
3 YEARS

Our highly flexible trimester format allows completion of the 4 year Law degree in just 3 years.

Career-ready graduates

Our range of double degree programs are designed to produce career-ready graduates for the legal profession and professional sectors where legal expertise is highly regarded.
Ranked #5 for student satisfaction in teaching, study, careers and campus life.
- 2013 Australian Law Students Satisfaction Survey (surivellaw.com)

$750,000 worth of pro-bono legal assistance provided by our students to the South Australian community.
Bachelor of Laws

Key features

› Our law degree is designed to provide you with excellent disciplinary knowledge combined with practical skills in analysis, research and critical reasoning, and communication – producing career-ready graduates with a competitive edge.

› Our law program is structured around a flexible trimester system – you have the ability to complete the four-year law degree in just three years, and the flexibility to maintain steady progression through the degree whilst engaging in work placements, clinical legal experience and the University's Global Experience program.

› As a UniSA law student, you will have the opportunity to work with external mentors from a range of professional legal settings across both the public and private sectors.

Overview

The Bachelor of Laws is the first step to a career in legal practice. As a law student at the University of South Australia you will learn the fundamental legal principles of the Australian legal system and obtain specialised knowledge through elective courses. By the end of your degree you will have developed the key skills relevant for work in the legal profession.

As a law graduate, you will be prepared for legal practice through practical learning experiences including mootings (mock trials in the School’s own court-like space), negotiation, witness examination, the School’s student-run Legal Advice Clinic, and student placements in legal and other professional settings.

The School of Law has a trimester study model. The academic year is divided into three trimesters rather than two semesters allowing you to complete the four-year law degree in just three years. You may apply to start your law degree at the beginning of trimester one or trimester three.

What will I study?

Throughout your law degree, you will learn the fundamental legal principles and concepts that underpin the Australian legal system. Core courses such as torts, contracts, criminal law and constitutional law will give you a good understanding of the basic legal principles. You will be able to expand your knowledge in areas of interest by undertaking electives in specialist fields such as environmental law, energy law, statutory interpretation and human rights law.

At the University of South Australia, our aim is to make sure you have the skills and confidence to be a lawyer or legal professional when you graduate. Mooting, legal negotiation, legal drafting and witness examination are built into many of the courses you will study in your first year. Our in-house, student-run Legal Advice Clinic provides you with the opportunity in final year to give free legal advice to real clients, under the supervision and mentorship of a dedicated managing solicitor.

Who will employ me?

As a law graduate, you will have a wide range of employment opportunities available to you. A University of South Australia law degree prepares you for legal practice, and is an excellent foundation for many careers. Alternative career pathways include public service, business, academia and working in community based legal organisations. You could also find yourself in a legal career as a solicitor, barrister, judge or magistrate, registrar, policy advisor, political advisor or alternative dispute resolution provider. There are also opportunities in government or in business as an in-house lawyer. Our law degree helps you to develop solid legal knowledge and advocacy skills that can be applied to almost any profession.

Admission to practice

Our Bachelor of Laws degree comprehensively addresses the academic requirements for admission to practice, as specified by the National Law Admissions Consultative Committee. If you wish to seek admission to practice in South Australia, you are required to satisfy a number of specified course requirements within your degree, followed by completion of an approved practical legal training program, the Graduate Diploma in Legal Practice (GDLP).

Double degrees

The Bachelor of Laws can also be taken as a double degree in the Laws Double Degree program (refer to page 10 of this guide). You can combine law with other disciplines such as accounting, marketing, management, psychological science, journalism and professional writing, international relations, and economics, finance and trade.

Honours

If you have a grade point average of 5.3 or above you may be able to complete Honours in law. Honours study develops critical analytical and research skills that will give you a strong advantage in the workforce. The law Honours program is embedded in the law degree in your final year and includes completion of a thesis on a law topic of your choice. You will also be supervised by one of our School of Law academics, many of whom hold a PhD for their research in an area of law.

Program schedule

FIRST YEAR
First Semester (SP 2)
- Foundations of Law
- Torts A
- Public Law and Statutory Interpretation
- Contracts A

Second Semester (SP 4)

Olaf Borutz
Associate, W Group
Law, School of Law

Olaf found the School of Law’s unique experiential learning opportunities the perfect platform to develop his professional legal skills early in his studies. ‘Both the Moot Court and Legal Advice Clinic are fantastic examples of what makes this degree such a worthwhile and relevant program,’ he says.

As one of UniSA’s Legal Advice Clinic’s foundation students, Olaf found this aspect particularly rewarding. ‘It provided me with first-hand experience dealing with real clients and the opportunity of working under supervision of a real solicitor,’ says Olaf. ‘These skills not only helped my professional development, but were also well regarded when first entering the legal field.’

Olaf’s studies provided him with a valuable set of transferrable skills that he has applied across many areas. Having previously worked as a solicitor at a law firm and been part of a legislative reform project team, Olaf is now an Associate at W Group. ‘Law at UniSA can literally take you anywhere, so embrace the challenge, work hard and make the most of it!’
Bachelor of Laws Double Degree (5 years)

To prepare you for work in your field, industry or profession, we have incorporated practical elements into our degrees. Mooting (mock trials in the School’s own court-like space), legal negotiation, legal drafting and witness examination are some examples of the experiences you will have from your first year of study. These practical skills will help you to feel prepared, equipped and confident as you step into the profession.

Why do a double degree?
A double degree offers you a wider perspective into the profession of law. As a graduate, a double degree may lead you down non-traditional or specialised career pathways where you provide legal advice whilst working in another field of expertise. For example, a double degree with marketing may give you extensive knowledge in the area of intellectual property, trademarks, and commercialisation, providing career and development opportunities in these areas. The oral advocacy, negotiation and research skills gained by studying law make our double degree graduates highly employable in a great number of fields.

Admission to practice
If you wish to seek admission to practice in South Australia, you are required to satisfy a number of specified course requirements within your degree, followed by completion of an approved practical legal training program, the Graduate Diploma in Legal Practice (GDLP).

Honours
If you have a grade point average of 5.3 or above you may be able to complete Honours in law. The law Honours program is embedded in the law degree in your final year and includes completion of a thesis on a law topic of your choice. You will also be supervised by one of our School of Law academics, many of whom hold a PhD for their research in an area of law.

Double degree options
The following degrees may be combined with the Bachelor of Laws in the Laws Double Degree:

- Bachelor of Arts (International Relations)
- Bachelor of Business (Economics, Finance and Trade)
- Bachelor of Commerce (Accounting)
- Bachelor of Journalism and Professional Writing
- Bachelor of Business (Marketing)
- Bachelor of Psychological Science
- Bachelor of Business (Sport and Recreation Management)
- Bachelor of Business (Management)
- Bachelor of Human Resource Management
- Bachelor of Business (Tourism and Event Management)

Courtney Garfoot
Current Student: Law & Marketing, UniSA Business School

Courtney chose UniSA because she had the opportunity to study a double degree in Law and Marketing; a combination which will provide her with flexibility when she graduates. ‘By doing a double degree I feel that I will be a more rounded graduate,’ she says. ‘It will provide me with more career prospects and maintain my interests as I experience a variety of subjects.’

The structure of the Law double degree also meant Courtney could plan a 4-week internship and travel to Beijing as part of her studies. ‘I was able to see first-hand how a different legal system works and read different legislation,’ she says. ‘What I valued most from this experience was learning how to communicate with clients and interpret their legal problems.’

Now in her third year, Courtney believes the School of Law’s practical learning opportunities and small class sizes have enhanced her studies. ‘My degree will prepare me for future employment because of aspects such as mooting, group work and presentations,’ she says. ‘With small lecture sizes, you are in a nurturing environment which sets UniSA apart from other tertiary institutions.’
Entry requirements

For undergraduate bachelor degrees and associate degrees
Applicants are required to have completed the South Australian Certificate of Education (SACE) with:
> 200 subject credits (in total);
> a grade C* or higher in the Personal Learning Plan, 20 credits of literacy, 10 credits of numeracy and the Research Project at Stage 2;
> a grade C- or higher in an additional 60 credits at Stage 2;
> a competitive ATAR; and
> the fulfilment of the program’s prerequisite requirements (where applicable).
* For Stage 2 subjects a grade of C- or higher is required

Applicants may also be eligible for entry if they have completed the program’s prerequisite requirements and have one of the following:
> Completed an interstate or overseas qualification considered by the University as equivalent to SACE.
> Completed the international Baccalaureate Diploma with a minimum score of 24 points.

Pathways
Entering your chosen program straight from high school is not the only pathway into UniSA. Applicants may also be eligible for entry through one of the following pathways:
Tertiary Transfer – completion or partial completion of a higher education program from a recognised higher education institution.
Special Entry – completion of the Special Tertiary Admissions Test (STAT). A personal competencies statement or employment experience may also be considered.
TAFE/Registered Training Organisations (RTO) – Applicants may be eligible for entry with the completion of an award from TAFE or another Registered Training Organisation at AQF Certificate IV or above. Guaranteed entry into a program is also available to applicants who have completed a qualification that meets the TAFE Preferred requirement listed in each program’s snapshot.

Open Universities Australia – completion of at least four Open Universities Australia (OUA) courses at the appropriate level.
Foundation Studies – completion of a recognised foundation studies program including the University’s Foundation Studies program.

Before applying
All applicants should check and ensure that they meet all entry and prerequisite requirements before applying. For some programs, applicants may also be required to attend an interview or present a portfolio.

For more information on entry requirements, visit unisa.edu.au/future

Participation and access
UniSA offers various programs and services to assist rural and/or socio-economically disadvantaged students, Indigenous Australians and people with a disability.

For more information, contact (08) 8302 2376 or email study@unisa.edu.au

UniSA Bonus Points
For students commencing university study in 2015
UniSA Advantage is a bonus points scheme that encourages participation in education as well as rewards achievement in selected Year 12 subjects that better prepare students for university study. The scheme includes two strands – Achievement and Aspire.

Achievement bonus points will automatically be awarded if students score a C- or better in Year 12 Tertiary Admission Subjects (TAS) relevant to their intended UniSA program.

Aspire bonus points are awarded automatically to students who attend a school recognised by UniSA as under-represented at university. Students from rural and remote areas are also eligible for automatic bonus points while those students on School Card (or state equivalent), Youth Allowance and/or Health Care Card or Low Income Health Care Card who do not attend a recognised school, can apply for bonus points by downloading an application form.

For more information or to download the Aspire Application Form, visit unisa.edu.au/bonuspoints

For students commencing university study in 2016 and onwards
The three South Australian universities are replacing all existing equity and subject bonus schemes with two new bonus schemes. The new schemes will come in to operation for students studying Year 12 in 2015 who apply for entry for in 2016.

The two new schemes are the SA Universities Equity Scheme and the SA Language, Literacy and Mathematics Bonus Point Scheme.

The SA Universities Equity Scheme will provide bonuses in two ways: bonuses for all students in specified schools and bonuses for individuals experiencing disadvantage.

The SA Language, Literacy and Mathematics Bonus Point Scheme encourages students to strengthen their preparation for university studies by undertaking a language other than English, or specified English and Mathematics subjects.

Need some help? For further information, visit unisa.edu.au/bonuspoints or you can also contact Future Student Enquiries by phone (08) 8302 2376 or email study@unisa.edu.au

Student contributions
To find out more about how you can defer your HECS-HELP student contribution or to see if you are entitled to a Commonwealth Government supported place at the University of South Australia, please visit unisa.edu.au/fees.

The contribution that applies depends on which courses you choose to study and the contribution band in which those courses are classified (see table below). The amount of your student contribution also depends on the unit value of your courses of study.

How to apply to the University of South Australia
Go to sarac.edu.au

As per the Australian Government guidelines, the student contribution amounts for 2014 are:

<table>
<thead>
<tr>
<th>Band</th>
<th>Fields of study</th>
<th>Student contribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Band 1</td>
<td>Humanities, behavioural science, social studies, education, clinical psychology, foreign languages, visual and performing arts, nursing.</td>
<td>$0 – 56,044</td>
</tr>
<tr>
<td>Band 2</td>
<td>Mathematics, statistics, computing, built environment, other health, allied health, science, engineering, surveying, agriculture.</td>
<td>$0 – 58,613</td>
</tr>
<tr>
<td>Band 3</td>
<td>Law, accounting, administration, economics, commerce, dentistry, medicine, veterinary science.</td>
<td>$0 – 510,085</td>
</tr>
</tbody>
</table>

Note: These amounts are for 1 EFTSL (36 units) in 2014. The student contribution amounts for 2015 will be advised by the Federal Government in October 2014, and these will be available to view via unisa.edu.au/future/fees at that time.
WHAT WILL YOU STUDY?

Associate degree
An award for completing a two-year (or part-time equivalent) tertiary program.

Bachelor degree
A program of three or more years duration (or part-time equivalent). Bachelor degree programs provide the relevant qualifications for many professions.

Diploma
UniSA offers a range of two-year diploma programs. Diplomas offered through UniSA College provide entry into the second year of a corresponding bachelor program in allied health, arts, business or science and technology. More information on the diplomas offered by UniSA College is available at unisa.edu.au/college. The Division of Education, Arts and Social Sciences offers a one-year Diploma in Languages which allows students to study a language concurrently with their bachelor degree program.

Foundation Studies
A free, one year program with no qualifications required for entry. This program assists students to develop the skills required for successful university-level study. Upon successful completion, students can apply for entry into a degree at the University of South Australia or to enter the second year of a UniSA College diploma program.

Graduate Certificate
An award for completing a postgraduate program of at least six months in duration (or part-time equivalent).

Graduate Diploma
An award for completing a postgraduate program of at least one year in duration (or part-time equivalent).

Honours
An additional year of study in a bachelor degree during which students specialise in a chosen area of study. In some cases, Honours study can actually be done as part of the degree.

Master degree
An award for completing a postgraduate program of at least two years (or part-time equivalent).

PhD
Doctor of Philosophy (PhD) programs normally extend over three years (or part-time equivalent) and involve significant research work.

HOW DOES YOUR PROGRAM WORK?

Course
A component of study within a program (previously known as a ‘subject’).

Major
A set of related courses which comprises 36 units of study within a bachelor degree.

Minor
A set of related courses which comprises up to 18 units of study within a bachelor degree.

Program
Award in which you are enrolled, eg Bachelor of Arts.

Sub-major
A set of related courses which comprises between 19 and 35 units of study within a bachelor degree.

Unit
A value assigned to a course which measures the amount of work involved in that course. Full-time students normally undertake 36 units of study per year (18 units per semester).

GENERAL

Assumed knowledge
Some programs require knowledge of certain SACE Stage 2 subjects.

ATAR (Australian Tertiary Admission Rank)
A ranking of all students who have completed SACE in a particular year. The minimum ATAR required for the previous year is often a guide to how well you will need to perform to gain entry into a particular program. ATARS can vary from year to year and should be used as a guide only.

CRICOS code
Code identifying that a University of South Australia program has been registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

Direct entry
Programs for which applications are not processed through SATAC but are made direct to the University of South Australia.

Division
The University of South Australia is split into four academic divisions – Business School; Education; Arts and Social Sciences; Health Sciences; and Information Technology. Engineering and the Environment – each offering a range of specialised programs.

Free electives
A course chosen from any on offer outside your study area, provided that individual course prerequisites are met. Free elective courses are designed to broaden your knowledge and skills beyond your professional field of study.

Prerequisites
SACE Stage 2 (Year 12) subjects, or equivalent qualifications required for admission into the program.

SACE
The South Australian Certificate of Education or a recognised equivalent qualification.

SATAC Guide
A publication that lists every program offered by South Australian higher education institutions. The SATAC Guide provides information about the selection process, includes instructions on how to apply and is available online at satac.edu.au and from newsagents Australia-wide.

Special Entry (STAT)
Special Tertiary Admissions Test (STAT) is an alternative entry for people who do not have any other qualifications for admission to university.

UniSA Advantage
UniSA Advantage is a two-tiered points scheme that awards Year 12 students with Achievement and Aspire bonus points. Eligible students will be awarded up to a total number of 9 points when they apply through SATAC. Bonus points are added to the student’s aggregate and a new UniSA ATAR is calculated. Visit unisa.edu.au/bonuspoints for more information.

UniSA Preferred
If your adjusted ATAR score (inclusive of bonus points) is equal to, or greater than, the published UniSA Preferred score, if you meet the relevant program prerequisites and list the program as your first preference, you are guaranteed a place in your selected program. Visit unisa.edu.au/preferred.
Keep informed and stay in touch

At UniSA we’ve got all the tools to help you shape your career direction.
Sign up to receive updates direct to your inbox. All tailored to your career interests.
You’ll be the first to receive:
> Invitations to career events and information sessions
> Exclusive work experience opportunities, such as visiting our graduates in their workplace
> An insight into life on campus from students and teachers
