REAL-WORLD EXPERIENCE

Connect with industry through placement opportunities and real-world projects throughout your studies. Benefit from our partnership with Flight Training Adelaide (FTA) and practise your flight training skills at the UniSA Aviation Academy based at Parafield Airport.

TECHNOLOGY PARK

Our Mawson Lakes campus is located next to Technology Park, a hub of more than 100 companies spanning growing industries such as defence, aerospace, advanced electronics, engineering, communication and information technology. This world-class location provides the ideal environment for collaboration with leading businesses, opening doors for knowledge sharing, product development, research and networking opportunities. Mawson Lakes Campus is also home to sustainable and award-winning five-star green rated buildings and wetlands, and is only a 15 minute express train trip from the city.

CAMPUS SPACES

MM BUILDING / An innovative teaching and learning facility featuring a theatre, collaborative working spaces, labs and a café.

UniSA AVIATION ACADEMY / A purpose-built facility providing world-class training solutions in flight operations for aviation students developed in partnership with FTA.

ML LIBRARY / Set in the heart of Mawson Lakes campus, this is also home to Campus Central services and offers multiple levels of study spaces and meeting places.

New SPACES

PRIDHAM HALL / A \$50 million space that has transformed our campus blueprint in the city's west end; featuring a sports centre, lap pool, gym, dance/aerobics studio, function rooms, and facilities to seat 1800 students and their families for graduation ceremonies.

Discover the virtual fly-through at unisa.edu.au/pridhamhall

Develop a global career in aviation management.

Build your understanding of airport and flight operations.

Gain fundamental knowledge in aviation practice, management, safety, law, marketing and finance.

Broaden your studies with courses in professional and technical communication, leadership and research methods.

Benefit from close links to industry with coursework and materials aligned directly to industry needs and best practice.

CAREER OPPORTUNITIES

Airport services manager / airport operations manager / maintenance and safety specialist / air traffic controller

IMPORTANT INFORMATION

Students enrolled in this degree do not qualify for entry into the Graduate Diploma in Aviation (LGAV), the University's practical flying program (see page 10).

Aviation management students focus on the following key areas:

- Air operations dispatch
- Airport management
- Computer controlled flight management systems
- Crew resource management
- Flight operation technology
- Flight planning
- Traffic control

ADMISSIONS PATHWAYS

An alternative entry option is available through the Foundation Studies program with UniSA College.

RELATED DEGREES

- Bachelor of Aviation (Pilot)
- Bachelor of Business
- Bachelor of Business (Human Resource Management)

“

For aviation enthusiast Joshua, becoming an airline pilot has been a long-term dream that is fast becoming a reality.

“UniSA was the obvious choice because it was one of the few universities in Australia – and the only in the State – to offer aviation.

“As a student who is fascinated with airplanes, I have thoroughly enjoyed discovering the mysteries of the aviation industry.”

Joshua’s dedication has seen him excel during his degree and he was awarded the Sir Ross and Sir Keith Smith Civil Aviation Grant for academic excellence.

”

Joshua Chin / BACHELOR OF AVIATION (PILOT)

POSTGRADUATE

Take your career to the next level and develop further knowledge and skills through postgraduate study.

QUALIFICATIONS*

- Graduate Certificate: 6 months
- Graduate Diploma: 1 year
- Master: 1–2 years

*study times are approximate and based on a full-time study load.

unisa.edu.au/apply

Graduate Diploma in

AVIATION LGAV

ON-CAMPUS ML 1 PT unisa.edu.au/aviation

ENTRY

SATAC code.....4GD107
Fees (in 2018).....A\$104,500 pa
Start date(s).....February

Learn to fly with our partner Flight Training Adelaide (FTA) under the supervision of highly experienced instructors.

Develop the skills, knowledge and competencies to sit for a Commercial Pilot Licence (CPL).

Be prepared to work as a first officer in a multi crew aircraft or as a pilot in command of single engine operations.

Submit flight plans and access the latest aerodrome alerts and weather forecasts.

Benefit from strong links with industry including the Civil Aviation Safety Authority (CASA).

CAREER OPPORTUNITIES

Commercial airline pilot (international, national or regional) / flight instructor / defence pilot / firefighting pilot / medical and air ambulance pilot

ENTRY REQUIREMENTS

- Offer of entry into the Bachelor of Aviation (Pilot) (LBAN); and
- A face-to-face interview.

INTERVIEW CRITERIA

The interview process includes a flight aptitude test and assessment of Aviation English competence. The interview itself will assess the skills and qualities considered important for professional practice including personal motivation, commitment, communication, workload management, organisational skills, compatibility and professional behaviour.

ADDITIONAL CRITERIA

Before commencing flight training, students must obtain a Class I Medical Certificate (Class II will also be considered if you have held a Class I Certificate within the last five years).

Before enrolling in General Flying 2, students must also hold an Aviation Security Identification Card (ASIC).

For more information visit the CASA website.

IMPORTANT INFORMATION

Students must submit an application to this program at the same time that they apply for the Bachelor of Aviation (Pilot). Applications for the bachelor program are submitted through SATAC's undergraduate portal and applications for the graduate diploma are submitted through SATAC's postgraduate portal. Each application will have a different reference number.

The two programs are studied concurrently. It is strongly recommended that students begin their flight training through the graduate diploma no later than the end of the first year of the bachelor degree.

FEE-HELP

Eligible students may choose to defer their tuition fees through a FEE-HELP loan under the Federal Government's Higher Education Loan Program. For more information visit unisa.edu.au/fees

“

Taking to the skies was an exhilarating experience for Alexi who is training to become a commercial pilot.

“Before my instructor sent me on my first solo flight, I was feeling quite nervous, but knowing that I was in control of the aircraft, with no one sitting beside me, was an experience I’ll never forget.

“Watching yourself grow as a professional pilot is truly an amazing feeling.”

”

General Risk and Workplace Management
Humans and Complex Socio-Technical Systems
Contemporary and Future Issues in Human Factors

“

After completing her undergraduate studies in psychology, Jaimie wanted to further her knowledge and study the effects of human influence on safety management systems.

Learning beyond the classroom, Jaimie completed three practical placements during her postgraduate program, including an international work trip.

“I was offered the opportunity to participate in part-time work at an electronics company in Japan, which really opened my eyes and enhanced my confidence.”

“I also enjoyed the modes of study – UniSA provides all students with really flexible study options.”

”

Jaimie Dolling / GRADUATE DIPLOMA IN HUMAN FACTORS AND SAFETY MANAGEMENT SYSTEMS

“

For Tristan, the Southern Hemisphere Summer Space Program (SHSSP) was unlike anything he had experienced before.

“Working with an accomplished cohort was an amazing experience; everyone shared my passion and enthusiasm for space. It was fast-paced, challenging, intense, and very rewarding.”

Through this program, highly experienced academics and industry professionals present on a range of topics from space policy and legal issues to spacecraft systems integrations and extra-terrestrial manned mission planning.

“I hope to take my space ambitions further and work as a propulsion engineer for launch vehicles.”

”

Tristan Perkins / BACHELOR OF ENGINEERING (HONOURS) (MECHANICAL & MECHATRONICS), SHSSP

Completing the SHSSP grants you entry into the Graduate Certificate in Space Studies (LCSD). For more information visit unisa.edu.au/spaceprogram

Graduate Certificate in SPACE STUDIES LCSD

ON-CAMPUS/ONLINE ML 0.5 unisa.edu.au/aviation

ENTRY

SATAC code..... n/a
Fees (in 2018)..... AS27,900 pa
Start date(s)..... January

Conduct an individual research project on a theme related to space technology, biology, economics, policy or law.

Find your research inspiration from the South Hemisphere Space Studies Program (SHSSP) White Paper – exploring new solutions for developments in space.

Explore the research theme and its direct application to space studies including topics such as global warming, environmental monitoring, disaster mitigation, Geographic Information Systems (GIS), remote communication or telemedicine.

Connect with experts from the SHSSP – a unique program delivered in partnership with the International Space University (ISU).

Start your studies with an intensive workshop on campus and then complete your research project online.

Studies are based on the international, intercultural and interdisciplinary educational philosophy of the International Space University (ISU). The program offers courses in space applications, space policy and space services. It provides a well-rounded overview of the concepts involved in space science, space systems engineering and technology, space business and management, and space legal and regulatory issues.

Note: There are additional costs associated with this program.

PROGRAM STRUCTURE

FIRST YEAR

ISU Southern Hemisphere Summer Space Program – elective course
UniSA Component
Space Studies Project

Students may complete their studies online or on-campus.

CAREER OPPORTUNITIES

Analyst / researcher / space engineering / space policy adviser / space policy manager / space project management / space scientist

ENTRY REQUIREMENTS

- Bachelor degree from a recognised higher education institution or equivalent; and
- Successfully completed either the Southern Hemisphere Summer Space Program (SHSSP) or the nine-week International Space University Summer Space Program.

SHSSP

The Southern Hemisphere Space Studies Program (SHSSP) is an intensive, five-week, live-in experience during summer in the southern hemisphere.

RESEARCH

Make a lasting contribution to your field through a research degree.

QUALIFICATIONS*

- Masters by Research: 2 years[^]
- Doctor of Philosophy (PhD): 4 years[^]

**study times are approximate and based on a full-time study load.*

[^]in total including examination time. Candidates must be prepared to submit 6-12 months prior to official completion of their program.

HOW TO APPLY

unisa.edu.au/apply

Masters by

RESEARCH LMIE

Doctor of

PHILOSOPHY (PhD) LPHD

DIVISION OF INFORMATION TECHNOLOGY, ENGINEERING AND THE ENVIRONMENT

SCHOOL OF ENGINEERING

SCHOOL OF INFORMATION TECHNOLOGY AND MATHEMATICAL SCIENCES

SCHOOL OF NATURAL AND BUILT ENVIRONMENTS

Contribute to the progress of science and technology by investigating a topic of interest.

Flourish in a technological hub of theoretical, applied and cross-disciplinary research.

Benefit from links to the University's multi-million dollar Future Industries Institute – aimed at transforming the industries of today and seeding the industries of tomorrow.

Work alongside world-class supervisors on industry-based projects focused on meeting the challenges of modern enterprise.

ENTRY REQUIREMENTS

MASTERS BY RESEARCH:

- Bachelor degree of at least three years with a minimum credit average in a relevant discipline; or
- No tertiary qualifications (some discipline areas only) with demonstration of research capabilities via assessment of relevant quality publications and professional experience.

DOCTOR OF PHILOSOPHY (PhD):

- Honours 1, Honours 2A or an appropriate master degree or equivalent.

DISCIPLINE AREAS

- Applied Physics
- Bioinformatics
- Biomaterials Engineering and Nanomedicine
- Civil Engineering
- Computer and Information Science
- Construction Management
- Electrical Engineering
- Energy and Advanced Manufacturing
- Environmental Science
- Environmental Science and Engineering
- Geographic Information Science
- Information and Communication Technology
- Mathematics
- Mechanical Engineering
- Minerals and Resources
- Statistics
- Systems Engineering

ALTERNATIVE ENTRY

Other postgraduate and undergraduate degrees may be considered for admission into the Masters by Research or Doctor of Philosophy (PhD) with demonstration of research capabilities via assessment of relevant quality publications and professional experience.

Note: Eligibility for entry into a research program is also subject to an assessment of the proposed research, supervisor availability, and any school or research-specific eligibility requirements.

STUDY AT UniSA – THE BASICS

Minimum entry requirements for undergraduate bachelor and associate degrees

APPLYING WITH YEAR 12

Applicants are required to have successfully completed the South Australian Certificate of Education (SACE) with:

- a competitive Selection Rank (ATAR); AND
- the fulfilment of the program's prerequisite requirements (where applicable).

Applicants may also be eligible to compete for entry if they have completed the program's prerequisite requirements and have completed one of the following:

- an interstate or overseas qualification considered by the University as equivalent to SACE; or
- the International Baccalaureate Diploma with a minimum score of 24 points.

ADJUSTMENT FACTORS

Universities in South Australia include ATAR-related adjustment factors (previously known as bonus points) to Australian high school students applying for entry into university via the following schemes:

- **The Universities Equity Scheme** – provides additional points for students coming from specified schools, as well as individuals experiencing disadvantage.
- **The Universities Language, Literacy and Mathematics Adjustment Scheme** – provides additional points for students who successfully complete a language other than English, or specified English and Mathematics subjects.

Need some help? Visit unisa.edu.au/adjustmentfactors or contact Future Student Enquiries on (08) 8302 2376 or submit an enquiry via unisa.edu.au/enquire

GUARANTEED ENTRY

UniSA offers guaranteed entry into many programs for domestic Year 12 and VET students. If your Selection Rank (ATAR) or VET award meets the UniSA Guaranteed Entry score for that program, you have met the prerequisites and any other program specific entry requirements, and you have listed the program as your first preference, you are in. It's guaranteed.

unisa.edu.au/guaranteed

ADMISSIONS PATHWAYS

Entering your chosen program straight from high school is not the only pathway into UniSA. Applicants may also meet the minimum requirements to apply for entry (via competitive selection) through one of the following pathways.

Higher Education Study – completion of at least half a year of full-time equivalent study, at UniSA or a recognised higher education institution. You can apply using your Grade Point Average (GPA).

Higher Education Diploma – completion of a higher education diploma, from the UniSA College (applicable programs listed on each bachelor program in this guide), the South Australian Institute of Business and Technology (SAIBT), or another recognised higher education institution.

Special Entry – a competitive Special Tertiary Admissions Test (STAT) score. A personal competencies statement or employment experience may also be considered for some programs.

Vocational Education Training (VET) – applicants may be eligible for entry with the completion of an award from TAFE or another Registered Training Organisation at AQF Certificate IV or above.

UniSA College – there are a variety of pathway options offered through UniSA College including diplomas and the Foundation Studies program.

Alternative Pathways – there are a range of alternative pathways including bridging qualifications offered through SAIBT and Eynesbury.

Open Universities Australia – completion of at least four Open Universities Australia (OUA) courses at an undergraduate level or higher.

unisa.edu.au/pathways

BEFORE APPLYING

All applicants should check and ensure that they meet all entry and prerequisite requirements before applying. For more information on entry requirements, visit:

unisa.edu.au/study

SUPPORT SERVICES

UniSA offers services to assist rural and/or socio-economically disadvantaged students, Aboriginal and Torres Strait Islander people, and people with a disability. For more information, contact (08) 8302 2376 or visit:

unisa.edu.au/studentsservices

SCHOLARSHIPS

UniSA offers a range of scholarships and grants to support students from all walks of life. Each year, 2500 students benefit from scholarships at UniSA, providing financial assistance as well as valuable work experience, mentoring opportunities and even overseas travel. For more information and to check the eligibility criteria, visit:

unisa.edu.au/scholarships

HOW TO APPLY TO THE UNIVERSITY OF SOUTH AUSTRALIA

Applications to most programs at UniSA are administered through the South Australian Tertiary Admission Centre (SATAC). For more information visit:

unisa.edu.au/apply

FEES

All domestic undergraduate students at the University of South Australia are in Commonwealth-supported places. Students in these places pay a contribution of their fees depending on the program chosen and the contribution band in which those courses are classified (see table below). The amount of your student contribution also depends on the unit value of your courses of study.

As per the Australian Government guidelines, the student contribution amounts for 2018 are:

BAND	AREA OF STUDY	STUDENT CONTRIBUTION <i>For one year of full-time load (1 EFTSL)</i>
1	Humanities, behavioural science, social studies, foreign languages, visual and performing arts, clinical psychology, nursing and education	\$6,444
2	Computing, built environment, health, engineering, surveying, agriculture, Mathematics, statistics, science	\$9,185
3	Law, dentistry, medicine, veterinary science, accounting, administration, economics, commerce	\$10,754

Some postgraduate programs are also Commonwealth-supported (or CSP), while others are full fee-paying (the fees for these are listed on each applicable program in this guide and are based on an equivalent full-time student load). For more information on fees including eligibility for Commonwealth-supported places, deferring your student contribution through HECS-HELP, FEE-HELP loans, or fee information relating to international students please visit:

unisa.edu.au/fees

ACADEMIC *insight*

“I am focused on training aviation professionals that are ready to step straight into industry. The need for aviation professionals within the Pacific Rim and the Middle East is continuing to increase, and with the entire aviation industry primed for growth, UniSA wants its students to be part of it.”

Dr. Doug Drury / SENIOR LECTURER:
AVIATION
