Date of birth	dd/mm/yyyy	Telephone number	
SATAC Application Number	XXXXXXXXXX		

SECTION A – Anatomy, Physiology and Pathology Pre-Requisites

PLEASE NOTE: Anatomy courses/subjects must have been completed within the past ten years.

The following documentary evidence **MUST** be provided by the applicant. The documents required include:

- Detailed curriculum (example attached) for prerequisite courses/subjects, which must provide sufficient information to determine whether the required content/hours have been successfully completed, except for applicants who were enrolled at the University of South Australia.
- Where core courses/subjects are currently being completed, documentary evidence must be provided of current enrolment.

For students who do not have a Medical Radiation, Medical Radiation Science, Radiology or Radiography degree and have completed courses/subjects/units to meet the pre-requisites, please fill in details below.

Core pre-requisite course/subject/unit	Please state which courses/subjects/units you are claiming to meet this criteria (include name and code) – <i>Non-University of South Australia students must provide a detailed curriculum for all courses/subjects/units nominated below. Example attached.</i>
1 x 4.5 units* of Human Anatomy at bachelor degree level (AQF 7) (this must include anatomy of the head and neck, thorax, abdomen and pelvis and the musculoskeletal and vascular system.) with at least a pass level	
2 x 4.5 units* of Human Physiology at bachelor degree level (AQF 7) with at least a pass level	
1 x 4.5 units* of Human Pathology or Pathophysiology at bachelor degree level (AQF 7) with at least a pass level	

For students who do not have a Medical Radiation, Medical Radiation Science, Radiology or Radiography degree and are currently studying courses/subjects/units to meet the pre-requisites, please fill in the details below.

Please indicate which of the following prerequisite courses/subjects/units you have enrolled into this year to complete your prerequisites prior to the start date of this program:				
Prerequisite	Course/subject/unit name	Course/subject/unit Code	Institution	Completion date
Human Anatomy				
Human Physiology				
Pathology or Pathophysiology				

*4.5 units is equivalent to 12.5% of a full year load.

SECTION B – Clinical Experience

For students who hold a recognised Bachelor Degree with no clinical placements embedded into their program, you must provide evidence by way of a logbook/portfolio of a minimum of 300 hours of experience in a patient care environment.

You must also provide a Letter of Recommendation from an Accredited/Registered Clinical Professional confirming that you have demonstrated this experience.

These skills must include:

Verbal and non-verbal communication

Obtaining informed consent

Shared decision making in patient care

Communicating with patients

Communicating with other professionals (inter-professional communication)

Appropriate response to patients experiencing difficulties and challenges

Referral of non-routine issues

Empathetic responses to patient questions and issues

Receiving and applying feedback

Declaration

I declare that the information given in this application is true and complete in every particular. I authorise the University to obtain from the institutions concerned whatever details of my academic record it considers necessary.

EXAMPLE

Human Body 2

COURSE INFORMATION

AREA/CATALOGUE	BIOL 1048
COURSE LEVEL	Undergraduate
OFFERED EXTERNALLY	Yes
COURSE ID	101141
UNIT VALUE	4.5
UNIVERSITY-WIDE ELECTIVE COURSE	No

Course aim

To develop students' understanding of the healthy human body including integrative physiology and cell biology that underpins pathophysiology.

Course content

Structure and function of the muscular, skeletal and nervous systems; special senses; extension of concepts of homeostasis, regulation and integration of body systems (immune system, digestive system, nutrition and metabolism, fluid, electrolyte and acid base balance); continuity (genetics and cell biology), physiological development across the lifespan; types, growth and control of microorganisms and an introduction to physiological adaptations; introduction to: pharmacokinetics; pharmacodynamics.

Textbook(s)

Marieb, EN and Hoehn, KN 2016, *Human Anatomy & Physiology*, 10th, Pearson

Prerequisite(s)

Nil

Corequisite(s)

Nil

Teaching method

Component	Duration
INTERNAL, CITY EAST	
Lecture	2 hours x 9 weeks
Lecture	1 hour x 9 weeks
Workshop	2 hours x 9 weeks
EXTERNAL, CITY EAST, ONLINE	
Lecture (online)	2 hours x 9 weeks
Lecture (online)	1 hour x 9 weeks
Workshop (online)	2 hours x 9 weeks
EXTERNAL, WHYALLA, ONLINE	
Lecture (online)	2 hours x 9 weeks
Lecture (online)	1 hour x 9 weeks

Component	Duration
INTERNAL, CITY EAST	
Workshop (online)	2 hours x 9 weeks
EXTERNAL, MT GAMBIER, ONLINE	
Lecture (online)	2 hours x 9 weeks
Lecture (online)	1 hour x 9 weeks
Workshop (online)	2 hours x 9 weeks

Assessment

Task	Length	Weighting	Duration
INTERNAL, CITY EAST			
Quiz	1000 words equivalent	15%	30 minutes
Practical examination	1500 words equivalent	35%	-
Examination	2000 words equivalent	50%	2 hours
EXTERNAL, CITY EAST, ONLINE			
Quiz	1000 words equivalent	15%	30 minutes
Practical examination	1500 words equivalent	35%	-
Examination	2000 words equivalent	50%	2 hours
