

## Generic study plan for LMEL Telecommunications students commencing in SP2 2020

### SP2 2020

1. INFT 5032 Network Infrastructure
2. Select two courses (9 units) from
  - EEET 3049 Electronic Filters and Amplifiers
  - EEET 3016 Power Electronics
  - MENG 5005 Energy and Society
  - EEET 4071 Advanced Control and Signal Processing
3. Select one course (4.5 units) from
  - MFET 5011 Engineering Economic Analysis
  - MFET 5022 Total Quality Management
  - MFET 5040 Project Planning and Control
  - MFET 5037 Enterprise Resource Planning

### SP5 2020

1. EEET 3028 Digital Communications
2. EEET 4058 Digital Signal Processing
3. EEET 5004 Engineering Research Practice
4. Select one course (4.5 units) from
  - EEET 4046 Optical Communications
  - EEET 4045 VLSI Design
  - EEET 3050 Renewable Energy Systems

### SP2 2021

1. EEET 5121 Engineering Minor Thesis 1
2. EEET 5147 Telecommunication Networks
3. Select one course (4.5 units) from
  - EEET 3049 Electronic Filters and Amplifiers
  - EEET 3016 Power Electronics
  - MENG 5005 Energy and Society
  - EEET 4071 Advanced Control and Signal Processing

*Note: Must be a course you did not study in SP2 2020*

### SP5 2021

1. EEET 5122 Engineering Minor Thesis 2
2. EEET 5102 Mobile Communications and Wireless Access
3. EEET 5101 Information Theory and Coding
