

Enrolment Advice

EMGT-LMEB (Master of Engineering (Engineering Management))

Welcome to the Master of Engineering (Engineering Management) program. I am your program director. I am writing this email to let you know your study plan for 2 years.

In **SP2/year1**, you need to do 4 courses as follows

1. one Core course – EEET 3033 Professional Engineering Practice E (EEET 3033). The student should do this course.
2. three Elective courses – you should choose 3 courses from the following five electives
 - Project Planning and Control (G) (MFET 5040)
 - Total Quality Management (MFET 5022)
 - Energy and Society(MENG 5005)
 - Intelligent Production Systems(MFET 5055)
 - Robotics and Automation (MFET 5023)

In **SP5/year 1**, you need to do **four courses**

1. one Core course - Engineering Research Practice (EEET 5004). You should do this course since this course is the prerequisite of minor thesis 1 course. So you have to do this course.
2. three Elective courses –You have to do three electives but we currently have only two following available electives in the program.
 - Sustainable Development and Design Practice (MENG 4022)
 - Lean Six Sigma (MFET 5053)

Additionally, you can enroll one of the following two courses offered in other programs in the university.

- Strategic Procurement (BUSS 5378)
- People, Leadership and Performance (BUSS 5114)

In **SP2/year2**, you need to do (all compulsory courses)

- Engineering Economic Analysis (MFET 5011)
- Enterprise Resource Planning (MFET 5037)
- Minor Thesis 1 (Eng) (MFET 5034)

Finally in **SP5/year2**, you need to do (all compulsory courses)

- Supply Chain Management G (MFET 5043)
- Operations Management Systems (MFET 5024)
- Minor Thesis 2 (Eng) (MFET 5035)

Welcome to the program and good luck for your study.

If you have any further enquiries about the study plan, please contact me.
