

2020 Enrolment Advice

Program Enrolment Advice Session: No Program Enrolment Advice Session

PROGRAM CODE	LHMI	YEAR LEVEL	4
PROGRAM NAME	Bachelor of Engineering (Honours)		
ACADEMIC PLAN	Civil & Project/Construction Management	CAMPUS	Mawson Lakes
CAMPUS CENTRAL (Please contact Campus Central if you need help with enrolling or have any queries about the information on this form)	Campus Central Mawson Lakes Ground floor, C Building askcampuscentral@unisa.edu.au 1300 301 703	SCHOOL (Please contact the School Office if you have any other queries)	School of Natural and Built Environments NBEenquiries@unisa.edu.au 8302 3000

DEFINITIONS:

Subject Area and Catalogue Number
Class Number

A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. **BIOL 1033**. You can search for courses by using this code.

Enrolment Class

A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.

Related Classes

An Enrolment Class is the first class you enrol in for a particular course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) or external (EXT). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class.

Auto Enrol Class

Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases you may be automatically enrolled into a particular related class that is associated with the enrolment class you selected.

External Class

In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment.

The external class number will be listed in the Classes column below. This number is the only enrolment class number you need to enter in 'Manage my Enrolment' when enrolling.

First Semester (Study Period 2)

Subject Area	Catalogue Number	Course Name	Classes	Notes
ENGG	3005	Industrial Experience N	Industrial Placement – Class Number 24951 Class Timetable	Program Notes: 4 Rules: 1
ENGG	4007	Engineering Capstone Experience A	Enrol into Seminar 24316 And 1 Workshop Please refer to class timetable for Tutorial class numbers	
ENGG	4008	Engineering Capstone Experience B	Enrol in to Directed Study 24950 Class Timetable	
ENGG	4009	Engineering Honours Project A	Enrol into Seminar 24429 And 1 Workshop Please refer to class timetable for Workshop class numbers	
BUSS	5142	Principles of Project Management	Enrol into Lecture 20389 And 1 Tutorial Please refer to class timetable for Workshop class numbers	

Second Semester (Study Period 5)				
Subject Area	Catalogue Number	Course Name	Class numbers	Notes
ENGG	4011	Engineering Honours Project B Extended	Enrol in Seminar 54129 Please refer to class timetable	
BUIL	4013	Advanced Construction Management	Enrol into Lecture 50342 and Tutorial 50343 Please refer to class timetable	
BUIL	2018	Building Estimating	Enrol into Lecture 50849 And Tutorial 50850 Please refer to class timetable for class numbers	

NOTES:

1. Not all electives will be offered every year. Other options not listed here may only be taken with the prior agreement of the Program Director.
2. To enrol in a course with a catalogue number starting with 5 (e.g. CIVE 5xxx), students need to apply for a career permission override via myEnrolment and gain approval first.
3. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
4. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.
5. Please ensure you check the course timetable to confirm the location and possible external mode offering for each course.
6. If you have a Study Plan, please bring it to your enrolment session to assist with enrolment.

PROGRAM NOTES:

1. The University elective is a course from any school or program within the University of South Australia that is freely chosen by students, subject to pre-requisite requirements and availability.
2. Not all electives will be offered every year. Other options not listed here may only be taken with the prior agreement of the Program Director.
3. At least two of the four Civil Engineering Elective courses students enrol in must have a catalogue number starting with 4 (e.g. CIVE 4XXX). If enrolling in an elective course that has a catalogue number starting with 5 (e.g. CIVE 5XXX) students will need to complete a career permission override form and get it signed by the School.
4. Students can also meet the Industrial Experience requirement of the program by completing a 13.5 unit or 18 unit Internship placement. Contact the Program Director for more information.
5. Students who are unsure of whether they might want to transfer to the Civil and Structural specialisation in final year should take Structural Analysis as their Civil Engineering elective 1 in third year.

RULES

1. It is a requirement of Engineers Australia that students achieve at least 12 weeks industry experience and exposure to professional practice prior to graduation. Assessment in the industrial experience course will remain incomplete until the student completes their portfolio and receives a pass.

EXTERNAL STUDENTS

Students studying off-campus. Administrative services for external students are located at [Campus Central](#).

External mode includes online, distance education, industry placement or directed research. Virtual classrooms are deemed to be an external mode of delivery. External model does not normally include a face to face component, however some courses offered in external mode may require a small component of on-campus activity.

It is strongly recommended that you visit the Study Help webpage to gain valuable information regarding your studies.

<https://lo.unisa.edu.au/course/view.php?id=4074>

PART TIME STUDENTS

You can study part-time which means undertaking less than the load specified for full time status.

(Full-time load - The standard annual full-time load is 36 units or 1.0 EFTSL (Equivalent Full-Time Student Load). A student undertaking at least 75% of a full-time load for the academic year will be full-time for that year. A student who is undertaking at least 75% of a full-time load, for either the first half or second half of the year, will be full-time for that half year).

If you require further enrolment advice, please refer to the **School contact details** listed on the first page or contact [Campus Central](#).
