

University of  
South Australia

**NEW IN 2020**

*Bachelor of Engineering  
(Honours) (Surveying)*

# INTERESTED IN BECOMING A LICENSED SURVEYOR?

## *Study Surveying at UniSA*

There is a forecast shortage of surveyors across Australia. This means increased job opportunities for students considering a career in surveying over the next 10 years.\* Surveying graduates may find work in private surveying or consulting firms and in the land development, engineering, architecture and mining sectors.

Prepare for the workplace with guest lecturers from industry, site visits, industry projects and 12 weeks' industry experience.

Apply to study the Bachelor of Engineering (Honours) (Surveying) in 2020.

\*BIS Oxford Economics, 2019
