

# Speech Pathology at UniSA

---

New in 2020

University of  
South Australia

# NEW Bachelor of Speech Pathology

With more than 50 years' experience in allied health education and research, UniSA is unstoppable in graduating career-ready professionals.

Healthcare is Australia's fastest growing industry and career opportunities for speech pathologists are expected to grow strongly over the next five years.

In July 2020, we will be launching a new Bachelor of Speech Pathology that will join our range of well-established allied health degrees in areas such as physiotherapy, occupational therapy, psychology, social work, podiatry and medical radiation science.

For more information, and to register your interest, visit [unisa.edu.au/speechpathology](https://unisa.edu.au/speechpathology)

\*The Bachelor of Speech Pathology will be open for application from April 2020, subject to approval and accreditation. \*\* ABS Labour Force Survey, Australian Government Department of Jobs and Small Business trend data to 2018, Australian Government Department of Jobs and Small Business, 2017 Occupational Projections. \*\*\* This degree is available to Australian students only.
