Planetarium

## **Planetarium Experience with Fulldome Movie - 60 mins**

We will take you on a captivating journey across the Universe. Join one of our highly experienced astronomers as they guide you through constellations, the Solar System and beyond. Marvel at the immense scale of the universe and observe the breathtaking beauty of the night skies projected on the domed ceiling. Each session features a fulldome movie.

## **Advanced Planetarium Experience with Fulldome Movie - 90 mins**

Be taken on an immersive guided tour of the night sky as our astronomer takes you on a journey through space. Learn about the stars and the many constellations we see during our voyage around the Sun. Session includes a fulldome movie and rooftop telescope viewing after the Planetarium \*weather permitting.

\*Rooftop telescope viewing is not suitable for children under 8 years of age and not wheelchair accessible.

## **A Journey through the Solar System with Fulldome Movie - 90 mins**

This session takes you on an incredible journey through our Solar System. We reveal close up the Sun, the Planets and their moons, asteroids and comets, and plunge into the Kuiper belt. Discover the hidden beauty of our celestial home and see it in wavelengths not visible to the unaided eye.

## **Space School for Kids - 4 hrs**

Our 4 hour Space School is back for the 2024 Winter school holidays and includes a Virtual Reality experience that will take kids out of this world!!

## **All About the Moon - 90 mins**

Join us for a celestial adventure under the domed skies of our Planetarium. Our astronomer will guide you through the moon's history, exploring its impact on mythology, culture, and science. Witness the phases of the moon in real-time, from the waxing crescent to the full moon, and gain a deeper understanding of the celestial mechanics that govern Earth's closest neighbour.

## **Planetarium Experience Sensory Session - 60 mins**

Enjoy a soothing symphony of the sky in a Planetarium sensory friendly session.

Sit back and allow us take you on a captivating journey through Space and time. Marvel at the immense scale of the universe and observe the breathtaking beauty of the night skies projected onto the domed ceiling.

Our sensory sessions include lower lighting and audio volumes. The planetarium doors open early so guests can get seated and get used to the surroundings.
