

Credit Equivalencies

All students on exchange must gain credit for the equivalent of a full time load while on exchange. This equates to either:

- A minimum of 13.5 UniSA units, OR
- A maximum of 18 UniSA units

Each host university calculates course loads and credit differently, so you will need to negotiate with your Program Director to determine how many courses at the host university are equivalent to either 13.5 or 18 UniSA units. Some guidelines are listed below. However, the course equivalency will be at the discretion of the Program Director.

Austria
