### USASA Club Awards – Highlighting UniSA Business Clubs success

Last week the UniSA Students Association held their annual Club Awards, and I had the honour of presenting the Club of the Year Award on behalf of UniSA Business. Many of you may be aware that I collaborate closely with several UniSA Business Clubs to promote internships and industry collaboration more broadly.

It was another successful year with our clubs winning the following awards:

- [Tourism & Event Management Club](#) – Best Collaborative Initiative, Best Marketing Campaign
- [Human Resource Management Club](#) – Professional Development Initiative of the Year
- [Marketing Club](#) – Best Collaborative Initiative
- Special mention of [Emily Cicconi](#) (HRM Club) who won Club Executive of the Year

If you are interested in connecting with any of our clubs directly to discuss collaboration let me know.

### November cohort – Still seeking a few Accounting/Finance opportunities

We have 75 students enrolled at this point with more enquiries coming as we get closer to the end of the year. There is the usual juggling of students and opportunities as we try to find the balance.

We are still seeking an opportunity in either Logistics, Supply Chain Management or Procurement. If you have something you are keen for a student to spend 225 hours (30-days) on, let me know.

**Very excited to report that at this stage, 49% of placements for this cohort are a direct result of connections made at the industry to student networking event!**

## Industry to Student Speed-Networking Event a resounding success

On Tuesday 21<sup>st</sup> September we had 200+ students and industry at the Adelaide Convention Centre to participate in our second in-person speed networking event for 2021.

We built on the success of the April event with the new room overlooking North Terrace being very popular.

Despite the challenges of a cold morning, speaking through masks, and a higher than anticipated percentage of student no-shows, there was great energy in the room and feedback has continued to be fantastic.

We're already seeing the positive outcomes with:

- 87% post-event survey response rate
- Event satisfaction rating of 85%
- 195 formal connections through the survey
- **37 placements to date for the November cohort**

We are already locking in the dates for April & September 2022, these will be communicated soon with registrations for April opening in February. We've also implementing some further tweaks to the format to further mitigate the risk of no-shows and keep you engaging with as many students as possible.

If you are looking to host your own similar networking event and would like help based on our lessons learned, feel free to reach out.

Look forward to seeing you at our 2022 networking events.

For more information on the Internship Program don't hesitate to get in touch:
